I think my paycheck is incorrect. What do I do?

If you believe that your paycheck amount does not look correct first check your timesheets by logging into the Paycom website or using the Paycom App.

1. Review your timsheets in the Time Management sections of the site to see if all of you punches are correct
2. Review your pay stub in the Payroll section of the site to see if all hours were included.
3. If you find issues in those areas or need more help reach out to your direct supervisor to help you resolve the issue.
4. If additional hours are owed to you your supervisor will reach out to Payroll to get them processed and paid.
