

What is a Punch Change Request and how do I submit one?

Punch change requests allow you to submit a change on your timesheet to your manager.

They would be used if you missed a punch or if you punched in or out and the incorrect time.

You can submit punch change requests through the [Paycom website](#) or the Paycom App. For specific instructions on how to submit a punch change request review the info below. This guide is available for download in the attachments section in the sidebar.
