

Going the Extra Mile (GEM) Award

[Insert branded card here]

Every day we have the opportunity to make a positive impact, and when we live and lead through our core values, we all win! Anyone can nominate a colleague who exemplifies and leads through one of Right At School's core values.

As we approach the end of each quarter, our leadership team will carefully review all the nominations and will select who will be recognized for the GEM Award that quarter. While not everyone will be selected for the GEM award, the spirit of recognition and appreciation extends to all of us and each nomination is a win for our collective growth. Use the form to provide details about your nominee — highlighting how they are living and leading through one of our core values.
