

Overview

Rapid Response incidents require a cross functional team of leaders to support the resolution of the issue and are in the minority of all incidents that take place at RAS

What is a Critical Incident?

Intake Forms

- Used to quickly gather essential information
- Ensures that all relevant details are communicated swiftly

Rapid Response Team

- Assign risk levels
- Coordinate between different stakeholders ensuring a cohesive and effective response
- Involved in follow-up actions, such as debriefing, reporting, and reviewing the incident to improve future responses.

Together...

- Both crucial components in ensuring the safety and well-being of children in our programs, enabling quick, effective, and coordinated responses to any critical incidents that may arise.
